#### SKIER AND RIDER SAFETY

arapahoe Basin is concerned about the safety of our skiers and riders. Please read the following information carefully. Skiing and riding are adventur-ous and exhilarating outdoor recreational activities. Natural and man-made obstacles are a part of this alpine experience. Collisions with these objects, especially when skiing or riding fast or out of control, can result in serious or fatal injury. Ski and ride with caution and in control. EXPECT THE UNEXPECTED. While skiing or riding you may encounter rocks and trees, changing visibility and snow conditions. Be aware of snowcats and snowmobiles at all times. BE ALERT; SKI AND RIDE ON DESIGNATED OPEN TRAILS ONLY.

HEADS UP—KNOW THE CODE, IT'S YOUR RESPONSIBILITY Arapahoe Basin is committed to promoting skier and rider safety. In addition to people using traditional alpine ski equipment, you may be joined on the slopes by snowboarders, telemark or cross-country skiers, snowbikers, skiers with disabilities, skiers with specialized equipment and others. Always show courtesy to others and be aware that there are elements of risk in skiing and ng that common sense and personal awareness can help reduce Know your ability level and stay within it. Observe "Your Responsibility Code" listed below and share with other skiers the responsibility for a great skiing experience.

- Always stay in control and be able to stop or avoid other people or objects People ahead of you have the right of way. It is your responsibility to avoid them.
- You must not stop where you obstruct a trail, or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others. Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
- Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
- COLORADO SKI SAFETY ACT

The Colorado legislature, recognizing risks that are inherent in the sport, has passed the Colorado Ski Safety Act which provides inherent risks of the sport and relative responsibilities of the "skier" and the ski area. You must obey the Act. Under the Act, any person using the facilities of a ski area is considered a skier. A summary of the inherent risks is listed below:

#### WARNING

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inher-ent dangers and risks of skiing, including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities. The Ski Safety Act was amended in 2004 to include **CLIFFS, EXTREME TERRAIN**, JUMPS AND FREESTYLE TERRAIN as inherent dangers and risks of the sport.

EXTREME TERRAIN contains cliffs, very steep slopes, as well as, rocks and other caracters. Skiing or boarding Extreme Terrain is for EXPERTS ONLY. Extreme terrain can be found on Pallavicini, North Glades, Montezuma Bowl, and the East Wall, including: cliffs and areas steeper than 50 degrees.

#### CAUTION

Snowcats, snowmobiles and snowmaking may be encountered at any time.

SLOW ZONES Certain areas (indicated on the map in yellow) are designated as SLOW ZONES. Please observe the posted slow areas by maintaining a speed no faster than the general flow of traffic. Space and speed are especially important in these areas. Fast and aggressive skiing will not be tolerated BACKCOUNTRY WARNING

Pursuant to the Colorado Ski Safety Act, the ski area assumes no responsibility for skiers going beyond the ski area boundary. To access the backcountry, use designated backcountry access points only. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles and other natural hazards exist. Be aware: the backcountry avalanche hazard may be extreme. Rescue in the backcountry, if available, is the responsibility of the Summit County Sheriff. It will be costly and time consuming

HIGH ALTITUDE ENVIRONMENT Some visitors may experience symptoms associated with Arapahoe Basin's high altitude. Symptoms may include headaches, nausea, loss of appetite, coughing and difficulty in breathing. If symptoms persist or if you have a concern about your health, you should seek medical attention.

TERRAIN PARKS-FREESTYLE TERRAIN These areas are designated with an orange oval (Treeline and High Divide Terrain Parks) and may contain jumps, hits, ramps, banks, fun boxes, jibs, rails, half pipes, guarter pipes, snowcross, bump terrain and other constructed or natural terrain features. Prior to using Freestyle Terrain, you are responsible for familiarizing yourself with Freestyle Terrain and obeying all instructions,

SMART STYLE-FREESTYLE

- LOOK BEFORE YOU LEAP
- The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter.
- Always ride or ski in control and within your ability level. Do not attempt Freestyle Terrain
- Freestyle Terrain or use features when closed

Please read all lift instructions posted in each lift maze. If you are unfamiliar with a lift, ask the attendant for assistance. REMOVE BACKPACKS DEFORE LOADING. Single riders should sit on the side of a chairlift that is closest to the lift towers. Always be alert on chairlifts. Please check that loose clothing and equipment are not caught in the lift before you unload. In case of lift problems, Ski Patrol will evacuate you.

#### NEVER JUMP FROM A LIFT-IT'S DANGEROUS PLEASE NOTE THE FOLLOWING PROCEDURES FOR CHILDREN:

- Place child on the side of the lift nearest the atte • Remove the child's poles and carry them yourself.
- Have attendant slow the chairlift in advance if necessary. Have child listen carefully to attendant's instructions
- When unloading, have child keep ski tips up. • Carrying a child in a pack on any lift is prohibited
- LIFT SAFETY

Under Colorado law, you cannot board a lift unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely, or until you have asked for and received information sufficient to enable you to use the ft safely. You may not use a lift or any ski trail when under the influence of drugs or alcohol.

LIFT OPERATION • If you are unfamiliar with a lift, ask an attendant for assistance. If your lift stops for a prolonged period, remain

seated; you will be assisted by the ski patrol. • Those skiers found misusing lift tickets, transferring lift tickets, or attempting to gain lift access without lift tickets, may be subject to arrest and criminal prosecution.

warnings and signs. Freestyle skills require maintaining control on the ground and in the air. Use of Freestyle Terrain exposes you to the risk of serious injury or death. Inverted aerials are not recommended. You assume the risk.

#### MAKE A PLAN

- Every time you use freestyle terrain, make a plan for each feature you want to use Your speed, approach and take off will directly affect your maneuver and landing.
- You are responsible for inspecting Freestyle Terrain before initial use and throughout the day
- EASY STYLE IT
- unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using Freestyle Terrain, both on the ground and in the air. RESPECT GETS RESPECT
- Respect Freestyle Terrain and others. Only one person on a feature at a time. Wait your turn and call your start. Always clear the landing area quickly. Respect all signs and do not enter
- LIFT INFORMATION

 You must have sufficient physical dexterity, ability and knowledge to safely board, ride and unload lifts • For access on our lifts, retention devices are required on all equipment. Jumping from a lift, cutting lines or littering from a lift are some of the causes for ticket revocation. • We reserve the right to close trails and/or lifts at any time due to weather conditions

Arapahoe Basin encourages our guests to educate themselves on the benefits and limitations of winter sports helmets. Regardless of whether or not you choose to wear a helmet, every winter sport participant shares respons his or her safety and for that of others using the ski area facilities. NO ILIMP BUILDING

We are home to more natural jumps, jibs and jibes than we can keep track of If you can't seem to find air—go to the Treeline Terrain Park.

SKIING WITH CHILDREN Carrying small children in packs is not allowed while skiing or riding any chairlift

We post signs for your information and well-being. Read 'em and live 'em. Color codes indicate the relative skiing difficulty of trails for Arapahoe Basin only.

• Skiing beyond the ski area boundary is not recommended. Avalanche danger and other hazards DO exist. BE WARNED.

- Areas beyond the ski area boundary are unpatrolled and unmaintained. • Pursuant to the Colorado Ski Safety Act, the ski area assumes no responsibility for the safety and welfare of skiers going beyond the ski area boundary. Skiers are solely responsible for their own safety beyond this boundary.
- Access to public lands beyond the ski area boundaries exists through U.S. Forest Service Backcountry Access Points. Rescue in the backcountry is a responsibility of the Summit County Sheriff's Office. • Entering or exiting the ski area boundary at locations other than the Backcountry Access Point is illegal
- and will be fined up to \$1,000. UPHILL ACCESS Uphill access by means of skinning, snowshoeing and hiking has gained

popularity at Arapahoe Basin in recent years and we welcome and support individuals seeking to exercise and enjoy the quiet mountain setting. To ensure the safety of everyone on the mountain, individuals who choose to skin, snowshoe and hike must obtain an Uphill Access Pass, available in the season pass office. Mountain users can help preserve this opportunity by following these simple guidelines:

- You are considered a skier under the Colorado Skier Safety Act and should know Your Responsibility Code. • The mountain may be closed to uphill access when avalanche control, snowmaking, race training, or other special activities are taking place.
- Entering closed terrain is prohibited. It is the user's responsibility to know what is open or closed. • If the mountain is closed to uphill access, a closed sign will be posted at the bottom of High Noon trail in the base
- area. If you are unsure, please feel free to ask. • Dogs must be under control at all times. No dogs are allowed on the mountain during operating hours. • Users accessing the mountain outside of normal operating hours do so at their own risk.
- Visit our website for complete uphill access information. TO REPORT AN ACCIDENT

Place crossed skis in snow above injured skier to form an "X" pattern. Observe distinguishing characteristics of both the skier and the immediate area. Alert the ski patrol by using one of the emergency phones placed on the mountain (identified by 🕻 on trail map) or by notifying any mountain employee UNDER COLORADO LAW, IF YOU ARE INVOLVED IN AN ACCIDENT, YOU MUST STAY ON THE SCENE until the ski patrol arrives; provide your name and address to the ski patro

SKI PATROL/FIRST AID Our ski patrol is staffed by professionals who want to help you. Use an emergency phone  $\bigcirc$  on the mountain or stop by a ski patrol hut for information or assistance. First aid treatment is available

#### PROTECTION FROM THE WEATHER HIGH-ALTITUDE WEATHER CAN REACH EXTREMES. SKIERS AND RIDERS SHOULD, THEREFORE, FOLLOW THESE SAFETY PRECAUTIONS: • Please use proper eye and skin care protection; apply sunscreen regularly.

• Dress appropriately for changing weather. EAST WALL AND THE NORTH POLE

THESE AREAS HAVE RESTRICTED ACCESS POINTS AND WILL OPEN AND CLOSE AS SNOW AND WEATHER CONDITIONS PERMIT. PLEASE OBSERVE ALL POSTED SIGNS (INCLUDING "TRAIL CLOSED" SIGNS) AT TRAIL ENTRANCES. The North Pole and The Upper East Wall (above the traverse) are accessed by hiking only. Please hike only in a staircases and obey all signs. RESCUE FROM NORTH POLE AND UPPER FAST WALL IS DIF-FICULT AND TIME CONSUMING. Please ski responsibly and do not ski alone.

AVALANCHE FORECASTING IS INEXACT, therefore, persons skiing the East Wall, Uppe East Wall and North Pole do so at their own risk. Contact ski patrol for information. East Wall Gates—enter through marked gates only.

# DON'T RELY ON CELL PHONES; WE CAN'T EMPHASIZE THIS ENOUGH. RECEPTION HERE IS NOT RELIABLE.

- If your kids don't have an I.D., give them your business card or a luggage tag with information about where you are staying or how to reach you. . Show your kids what a ski patroller looks like, and tell the kids to find a patroller if they get
- lost or worried. We hate to see scared little beans, and a parent who's lost their child well, quite indescribable.
